

High School Mathematics Transcript Placement Policy

The math department at Highline Community College wants to ensure your success in mathematics by placing you into appropriate math courses. One way we place students into math courses is by recent math courses you have taken in high school. The following outlines where high school courses place you.

What was the last math course you took?	What was the grade you earned in the last semester?	If you completed it within ____ of today's date	You place into_____
1st Year Algebra: Basic Algebra Algebra 1/2 Integrated 1/2 Integrated 3/4 Geometry Math Matters 3/4	A's	2 years	Math 91
	C's or better	2 years	Math 81

If you would like to use a high school course for placement into a math course at Highline, please bring an unofficial high school transcript to a full time math department faculty member (or ed planning advisor if during a quarter break) to receive an entry code. If your last math course was taken more than two years ago, it is advised that you take the math placement test.
